

<b>P (what)</b>	<b>R (why)</b>	<b>C (how)</b>
week's vacation in December	It's our long break and we ought to do something worthwhile with our time	How about having the event within the second week of December? That will leave us time to enjoy the remaining holidays and Christmas
choice you made is the best.	I thought about this over the weekend and have put down exciting details for a plan	<b>How is it the best?</b> The plans are unveiled below in 5 steps and I hope you will see how meaningful it is
Imagine our names as part of a world record!	This will give our school an unparalleled achievement	<b>How will we have our names as part of the world record?</b> Let's join the Guinness World of Record
We must organise an amazing event	Why else should we be investing our time in, if not a super exciting event?	<b>How will we organise the event?</b> We will create the longest paper clip chain, aiming to hit 25 km – it will be done within the second week. We will collect clips during the first week.
that includes students from other classes	We will get to know the others better	<b>How will we include others from the class?</b> We will ask the others to help collect paper clips while we prepare the logistics; during the event we will also take breaks to bond
in a bid to win	Success will be the sweetest reward	<b>How will we win?</b> We will make sure that we have timekeepers, and invite the Guinness Book of Record team to view it on the last day
open our eyes to the challenges needed for this task	Only difficult challenges will provide us with key lessons for life	<b>How will the challenges look like?</b> We have to make sure that the paper clips stay in place and that no one will accidentally disrupt the chain ; find a place big enough to put the chain
they should vote for your choice	It's your right!	<b>How will they vote?</b> We will vote by hand later on
why the other options were not chosen	Surely the wet December weather is not suitable for outdoor activities?	The other options may require us to be outdoors to canvas for donations and for the camp. December's known as to have monsoons in Singapore.

### PRC for choosing the World Record Event
