

P	R	C
class's vacation in December	It's our long break and we ought to do something worthwhile with our time	
choice you made is the best.	I thought about this over the weekend and have put down exciting details for a plan	
Imagine our names as part of a world record!	This will give our school an unparalleled achievement	
We must organise an amazing event	Why else should we be investing our time in, if not a super exciting event?	
that includes students from other classes	We will get to know the others better	
in a bid to win	Success will be the sweetest reward	
open our eyes to the challenges needed for this task	Only difficult challenges will provide us with key lessons for life	
they should vote for your choice	It's your right!	
why the other options were not chosen	Surely the wet December weather is not suitable for outdoor activities?	

Reasons for choosing the World Record Event
